

ABOUT ME

Data Science enthusiast with a background in Civil Engineering and international experience in the hospitality industry.

Recently, 1 completed comprehensive Master's in Data Science, where I applied Python, SQL, machine and learning techniques to real-world challenges - from classification tasks and optimization model to data visualization and insight generation.

EDUCATION

Master in Data Science

Start2Impact University 2024 - 2025

BSc in Civil Engineering

Università di Salerno 2014 - 2018

SOFT SKILLS

Leadership

Problem solving

Team collaboration

Fast learner

Analytical thinking

Adaptability and resilience

LANGUAGE

Italian (mother language)

English (fluent)

PAOLO ACONE

Data Scientist

paoloacone.93@gmail.com

□ Linkedin profile

Nomadic lifestyle

EXPERIENCE

O Master's practical projects (individual)

2025

start2impact

• Data analysis and Machine learning - Airline Satisfaction

Predictive model to classify passenger satisfaction and suggest actions to improve service and sustainability.

see it on GitHub

• Machine learning Advanced- Wine Classifier

Classification of Italian wines using ML models (SVC). Tuning, scaling, cross-validation

see it on GitHub

• Machine learning - Titanic Survival

Predicting Titanic Passenger Survival with Decision Tree.

see it on GitHub

• Exploratory Data Analysis - Wine reviews

Analysis of 130k wine reviews for marketplace selection. EDA, clustering, recommendations.

see it on GitHub

• Python, Numpy - File Organizer

Script to sort files with logging, folder organization and image analysis. see it on GitHub

• Python - Travel Management System

Creation of a Travel-themed management system see it on GitHub

• SQL Analysis- Travel Management System

SQL Dashboard on UN Goals: Energy, Growth, Inequality see it on GitHub

Pizza chef and Team leader

2020 - 2025

Australia, Norway and Italy (various locations)

Team leader and Sales Consultant

2017-2019

Luxury Art srl (Italy, various locations)

HARD SKILLS

- Python (Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn)
- SQL (PostgreSQL)
- Machine Learning
- Data Viz with Tableau (in progess...)
- Git, GitHub, Jupyter,
 VSCode
- HTML & CSS
- Matlab
- Office Pack
- AutoCAD
